Dear ISA,

I am writing to register my interest in the position of Head of Integration and Sports, or Assistant to the Head of Integration and Sports. With experience as a semester leader and school prefect, I am confident in my ability to contribute to the team and support the department's mission of embracing student engagement, inclusion, and well-being through physical activities and social initiatives.

As a semester leader, I developed strong leadership skills by supporting fellow students by assisting them with any queries helping them feel integrated and supported throughout the academic year. This experience taught me the importance of creating a welcoming environment where new students can easily transition and feel a sense of belonging.

My time as a prefect in high school further enhanced my leadership and communication skills. I took pride in my role by helping my peers and younger years navigate challenges, whether academic or social. I actively worked to promote a sense of togetherness and ensure students felt supported, which aligns closely with the responsibilities outlined in this position.

In addition to my leadership experience, I have a deep passion for sports, particularly football, which has shaped my understanding of teamwork and discipline. Not only will this allow me to be a good leader but I also know the positive impact sports can have on students as well.

I am confident that my background in student leadership, combined with my enthusiasm for sports and community engagement, makes me a strong fit for this role. I would be thrilled to contribute to the planning and organizing of events that promote social connection and foster a vibrant, inclusive student community.

Thank you for considering my application. I look forward to hearing back!

Sincerely,
Eesa
