

My name is Ema Laranjeira, I am a medical student from Portugal, currently in my 4th year (8th semester) at Riga Stradiņš University. I am writing to express my interest in joining the International Students' Association as a Public Relations Officer.

Although I do not have formal experience in public relations, I am deeply motivated to contribute to ISA's mission of connecting and supporting the diverse international community at RSU. I believe this position would be both a valuable learning experience and a meaningful opportunity to help strengthen communication and engagement within our student body.

In the past, I was part of the Portuguese Society, where I served as Head of Academic Affairs. Through this role, I developed strong organizational and leadership skills, particularly while planning and coordinating events for our members a long side with the rest of the team. I discovered that I truly enjoy working with others to bring ideas to life and create spaces where students can connect, learn, and celebrate their cultures.

As a person, I am highly responsible, team-oriented, and committed to delivering on my promises. I value clear communication, collaboration, and reliability. If selected for this position, I would aim to enhance ISA's communication with students, staff, and other universities, while also exploring opportunities to organize student-focused events and conferences that promote engagement and academic growth.

I believe my enthusiasm, work ethic, and willingness to learn make me a strong candidate for this role. I am eager to contribute to ISA's initiatives and to work alongside a team that shares the same goal of enriching the student experience at RSU.

Thank you for considering my application. I would be honored to contribute to the ISA team as Public Relations Officer.

Kind regards,

Ema Laranjeira
