

Motivation Letter

Dear RSU,

I am writing to express my strong interest in becoming a Liaison at the International Students' Association (ISA). With all my past experience in building strong relationships, effective communication, and abilities of connecting people, I am eager to contribute to ISA's mission of uniting RSU students and ensuring that every culture, idea, and initiative has a chance to shine!

I was a class representative in high school, acting as the main point of contact and communication bridge between students and teachers. I was responsible for organizing workshops and class activities, which strengthened my organizational and time management skills and taught me the importance of planning and precision.

Additionally, I wrote a scenario and built up a team- we together created a short movie which later won first place in a national movie competition. Leading this project taught me how to handle conflicts, motivate others, and maintain discipline.

I am also a multilingual person- I speak six languages- which helps me communicate effectively and build stronger relationships with people. I am hardworking, tactful, and precise when it comes to fulfilling my responsibilities. I truly enjoy helping others and being actively involved in student life.

I would love to become the part of ISA team, to make student environment a better place for everyone. I am dedicated to bring my skills and passion to our big RSU family and I am confident that my abilities and motivation will be enough to become Liaison of International Students Association!

With appreciation and gratitude,

Mikayil Gasimzade
