

Dear Students,

Over the past two years, I have had the honour of serving as Vice President and Assistant Head of Academic Affairs. These roles have allowed me to stand by your side — representing your voices, addressing your concerns, and working to strengthen our academic and student life.

Through this experience, I have built strong connections with the administration, collaborated with national and international student bodies, and gained the skills needed to lead ISA with transparency, inclusivity, and purpose. I know how to navigate challenges, bring people together, and ensure that your ideas are heard and acted upon.

As President, I want to continue this journey with you, not just to lead, but to serve — so that together, we can create a stronger, more connected, and more visible community at RSU.

Together, we build. Together, we belong.
